

NC-90 modular spindle

Application

- Machine construction
- Robotics
- Laboratory work
- Optics

Design

- 90 mm stroke
- Cross-section 60 x 50 mm
- Aluminium base body milled from solid metal
- Adaptor for motor attachment
 - Maxon EC40
 - Faulhaber 3564
 - Customer-specific
- Adaptor for reference switch
 - M5 x 0.5 horizontal or vertical

Advantages

- Tried and tested threaded hole and pin hole grid
- Pretensioned cross roller guides
 - Clearance-free ball screw with 2 or 4 mm pitch
- Angular ball-bearings
- High loading capacity
- Extensive range of accessories available
